

| 1. Identification             |                     |
|-------------------------------|---------------------|
| Product name                  | ANTICORIT PL TC3    |
| Other means of identification | No data available.  |
| Recommended use:              | Corrosion inhibitor |
| Restrictions on use:          | Industrial use only |

### Manufacturer/Importer/Supplier/Distributor Information

#### Manufacturer

| Company Name:   | Fuchs Lubricants Co.   |
|-----------------|------------------------|
| Address:        | 17050 Lathrop Avenue   |
|                 | Harvey, Illinois 60426 |
| Telephone:      | 708-333-8900           |
| Fax:            | 708-333-9180           |
| Contact Person: | EHS Department         |
|                 |                        |
| E-mail:         | sds@fuchsus.com        |

Emergency telephone number: 708-333-8900 (Bus. hrs) 800-255-3924 (24 hrs)

## 2. Hazard(s) identification

### **Hazard Classification**

### **Health Hazards**

| Acute toxicity (Inhalation - dust and mist)         | Category 4  |
|---|-------------|
| Serious Eye Damage/Eye Irritation                   | Category 2B |
| Skin sensitizer                                     | Category 1  |
| Specific Target Organ Toxicity -<br>Single Exposure | Category 3  |
| Aspiration Hazard                                   | Category 1  |

#### Label Elements

#### Hazard Symbol:

| Signal Word:                                     | Danger  |
|--|---|
| Hazard Statement:                                | Harmful if inhaled.<br>Causes eye irritation.<br>May cause an allergic skin reaction.<br>May cause respiratory irritation.<br>May be fatal if swallowed and enters airways.   |
| Precautionary<br>Statements                      |   |
| Prevention:                                      | Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection.  |
| Response:  | IF INHALED: Remove person to fresh air and keep comfortable for<br>breathing. If in eyes: Rinse cautiously with water for several minutes.<br>Remove contact lenses, if present and easy to do. Continue rinsing. If eye<br>irritation persists: Get medical advice/attention. IF ON SKIN: Wash with<br>plenty of water. If skin irritation or rash occurs: Get medical advice/attention.<br>IF SWALLOWED: Immediately call a POISON CENTER/doctor. Do NOT<br>induce vomiting. Call a POISON CENTER/doctor if you feel unwell. Specific<br>treatment (see this label). Wash contaminated clothing before reuse. |
| Storage:   | Store in well-ventilated place. Keep container tightly closed. Store locked up.   |
| Disposal:  | Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.  |
| hazards which do not<br>t in GHS classification: | None.   |
| Unknown toxicity - Health                        |   |
| Acute toxicity, oral                             | 2.61 %  |
| Acute toxicity, dermal                           | 29 %  |
| Acute toxicity, inhalation,                      | vapor 98.23 %   |
| Acute toxicity, inhalation, or mist              | dust 52.13 %  |

# 3. Composition/information on ingredients

### Hazardous Component(s):

| Chemical name         | CAS-No.      | Concentration |
|-----------------------|--------------|---------------|
| Petroleum distillates | Confidential | 40 - 70%      |

Other result

| Dioleyl phosphate | Confidential | 3 - 7%   |
|-------------------|--------------|----------|
| Sulfonate         | Confidential | 1 - 5%   |
| Mineral oil       | Confidential | 1 - 5%   |
| Calcium hydroxide | 1305-62-0    | 0.1 - 1% |

Specific chemical identities and/or exact percentages have been withheld as trade secrets.

| 4. First-aid measures                       |   |
|---|---|
| Ingestion:                                  | Call a physician or poison control center immediately. Rinse mouth. Never give liquid to an unconscious person. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs.   |
| Inhalation:                                 | Call a POISON CENTER/doctor//if you feel unwell. Move to fresh air.   |
| Skin Contact:                               | Remove contaminated clothing and shoes. Wash contact areas with soap<br>and water. If skin irritation occurs: Get medical advice/attention.<br>Immediately remove contaminated clothing and shoes and wash skin with<br>soap and plenty of water. |
| Eye contact:                                | Any material that contacts the eye should be washed out immediately with water. If easy to do, remove contact lenses. If eye irritation persists: Get medical advice/attention.   |
| Most important symptoms/effect              | ts, acute and delayed   |
| Symptoms:                                   | No data available.  |
| Indication of immediate medical             | attention and special treatment needed  |
| Treatment:                                  | Get medical attention if symptoms occur.  |
| 5. Fire-fighting measures                   |   |
| General Fire Hazards:                       | No unusual fire or explosion hazards noted.   |
| Suitable (and unsuitable) exting            | uishing media   |
| Suitable extinguishing media:               | Water spray, fog, CO2, dry chemical, or regular foam. Use fire-<br>extinguishing media appropriate for surrounding materials.   |
| Unsuitable extinguishing media:             | Do not use water jet as an extinguisher, as this will spread the fire.  |
| Specific hazards arising from the chemical: | Heat may cause the containers to explode. During fire, gases hazardous to health may be formed.   |
| Special protective equipment a              | nd precautions for firefighters   |

Special protective equipment and precautions for firefighters

| Special fire fighting procedures:  | No data available.  |
|--|---|
| Special protective equipment for fire-fighters:                            | Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.  |
| 6. Accidental release measures   | 6   |
| Personal precautions,<br>protective equipment and<br>emergency procedures: | Ventilate closed spaces before entering them. See Section 8 of the SDS for<br>Personal Protective Equipment. Keep upwind. Keep unauthorized<br>personnel away. Do not touch damaged containers or spilled material<br>unless wearing appropriate protective clothing. |
| Methods and material for<br>containment and cleaning<br>up:                | Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. Dike far ahead of larger spill for later recovery and disposal.  |
| Environmental Precautions:   | Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so. Avoid release to the environment.  |
| 7. Handling and storage  |   |
| Precautions for safe handling:   | Observe good industrial hygiene practices. Wear appropriate personal protective equipment. Do not expose to intense heat as product may expand and pressurize container. Wash hands thoroughly after handling. Avoid contact with eyes, skin, and clothing.           |
| Conditions for safe storage,<br>including any<br>incompatibilities:        | Store in original tightly closed container. Avoid contact with oxidizing agents. Store away from incompatible materials. Keep container tightly closed. Store locked up. Store in a well-ventilated place.  |

# 8. Exposure controls/personal protection

#### **Exposure Limits**

| Chemical name                            | type | Exposure Limit Values | Source  |
|--|------|-----------------------|---|
| Mineral oil - Mist.                      | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)              |
| Mineral oil - Mist.                      | STEL | 10 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)              |
| Calcium hydroxide                        | TWA  | 5 mg/m3               | US. ACGIH Threshold Limit Values (03 2012)  |
| Calcium hydroxide - Total dust.          | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000) (02<br>2006) |
| Calcium hydroxide - Respirable fraction. | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000) (02<br>2006) |

Good general ventilation (typically 10 air changes per hour) should be used.

|                           | Ventilation rates should be matched to conditions. Supplementary local exhaust ventilation, closed systems, or respiratory and eye protection may be needed in special circumstances, such as poorly ventilated spaces, heating, evaporation of liquids from large surfaces, spraying of mists, mechanical generation of dusts, drying of solids, etc. |
|---------------------------|--|
| Respiratory Protection:   | In case of inadequate ventilation use suitable respirator. Seek advice from supervisor on the company's respiratory protection standards.  |
| Eye Protection:           | Wear safety glasses with side shields (or goggles).  |
| Skin and Body Protection: | Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information.   |
| Hygiene measures:         | Always observe good personal hygiene measures, such as washing after<br>handling the material and before eating, drinking, and/or smoking. Routinely<br>wash work clothing to remove contaminants. Discard contaminated footwear<br>that cannot be cleaned.  |

| Appearance   |                   |
|--|-------------------|
| Physical state:                                    | liquid            |
| Form:  | No data available |
| Color:   | yellow            |
| Odor:  | mild              |
| Odor threshold:                                    | No data available |
| pH:  | No data available |
| Melting point/freezing point:                      | No data available |
| Initial boiling point and boiling range:           | No data available |
| Flash Point:                                       | 96.1 °C (205.0 °l |
| Evaporation rate:                                  | No data available |
| Flammability (solid, gas):                         | No data available |

# 10. Stability and reactivity

| Reactivity:                          | Not reactive during normal use.  |
|--------------------------------------|--|
| Chemical Stability:                  | Material is stable under normal conditions.  |
| Possibility of hazardous reactions:  | None under normal conditions.  |
| Conditions to avoid:                 | Avoid heat or contamination.   |
| Incompatible Materials:              | No data available.   |
| Hazardous Decomposition<br>Products: | Thermal decomposition or combustion may liberate carbon oxides and<br>other toxic gases or vapors. Contains a component which may release<br>flammable substances,<br>including trimethylpentene, by distillation in systems with solvent recovery.<br>This may lead to accumulation in the solvent circuit. |

# 11. Toxicological information

| Information on likely routes of exposure  |  |  |
|---|--|--|
| Ingestion:  | May be ingested by accident. Ingestion may cause irritation and malaise.   |  |
| Inhalation:   | Inhalation is the primary route of exposure. In high concentrations, vapors, fumes or mists may irritate nose, throat and mucus membranes. Harmful if inhaled. |  |
| Skin Contact:   | Prolonged skin contact may cause redness and irritation. Causes mild skin irritation. May cause an allergic skin reaction.                                     |  |
| Eye contact:  | Causes eye irritation.   |  |
| Symptoms related to the physical, chemical and toxicological characteristics<br>Ingestion: No data available. |  |  |
| Inhalation:   | No data available.   |  |
| Skin Contact:   | No data available.   |  |

| Eye contact:  | No data available.  |  |
