

# SAFETY DATA SHEET

# 1. Identification

Product name	ECO DRAW EG 45
Other means of identification	No data available.
Recommended use:	Metalworking fluid
Restrictions on use:	Industrial use only

#### Manufacturer/Importer/Supplier/Distributor Information

#### Manufacturer

uchs Lubricants Co.
7050 Lathrop Avenue
larvey, Illinois 60426
08-333-8900
08-333-9180
HS Department
ds@fuchs.com

Emergency telephone number: 708-333-8900 (Bus. hrs) 800-255-3924 (24 hrs)

# 2. Hazard(s) identification

# **Hazard Classification**

#### Health Hazards

Serious Eye Damage/Eye Irritation	Category 1
Skin sensitizer	Category 1

# Label Elements

# Hazard Symbol:

Signal Word:

Danger

Hazard Statement:	Causes serious eye damage. May cause an allergic skin reaction.
Precautionary Statements	
Prevention:	Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Contaminated work clothing should not be allowed out of the workplace.
Response:	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Immediately call a POISON CENTER/doctor. Specific treatment (see in product SDS). Wash contaminated clothing before reuse.
Disposal:	Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.
Other hazards which do not result in GHS classification:	None.

# Unknown toxicity - Health

Acute toxicity, oral	23.03 %
Acute toxicity, dermal	26.03 %
Acute toxicity, inhalation, vapor	41.85 %
Acute toxicity, inhalation, dust	41.81 %
or mist	

# 3. Composition/information on ingredients

# Hazardous Component(s):

Chemical name	CAS-No.	Concentration
Triethanolamine	102-71-6	5 - 10%
Polyglycol	Confidential	1 - 5%
Methyl Oxirane polymer with oxirane	Confidential	1 - 5%
Alkoxylated alkanolamide	Confidential	3 - 5%
Fatty acids	Confidential	1 - 5%
Biocide	Confidential	0.1 - 1%

Specific chemical identities and/or exact percentages have been withheld as trade secrets.

# 4. First-aid measures

Rinse mouth thoroughly. Call a POISON CENTER/doctor if you feel unwell. Do NOT induce vomiting.			
Move to fresh air. Call a POISON CENTER/doctor if you feel unwell.			
Remove contaminated clothing and shoes. Wash contact areas with soap and water. If skin irritation occurs: Get medical advice/attention. Immediately remove contaminated clothing and shoes and wash skin with soap and plenty of water.			
Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses. Call a physician or poison control center immediately.			
ts, acute and delayed			
No data available.			
attention and special treatment needed			
Symptoms may be delayed.			
5. Fire-fighting measures			
No unusual fire or explosion hazards noted.			
uishing media			
Water spray, fog, CO2, dry chemical, or regular foam. Use fire- extinguishing media appropriate for surrounding materials.			
Do not use water jet as an extinguisher, as this will spread the fire.			
Heat may cause the containers to explode. During fire, gases hazardous to health may be formed.			
Special protective equipment and precautions for firefighters			
No data available.			

# 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:See Section 8 of the SDS for Personal Protective Equipment. Do damaged containers or spilled material unless wearing appropriat protective clothing. Keep unauthorized personnel away.	
Methods and material for containment and cleaning up:	Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. Dike far ahead of larger spill for later recovery and disposal.
Environmental Precautions:	Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so.
7. Handling and storage	
Precautions for safe handling:	End-users should follow industry best practices for handling and using this product.
	Guidance may be found using the current version of ASTM Standard E1497-05: Standard Practice for Selection and Safe Use of Water-Miscible

contact with eyes, skin, and clothing.

and Straight Oil Metal Removal Fluids Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Contains amines. Do not add sodium nitrite or other nitrosating agents which may form cancer causing nitrosamines. Do not get in eyes. Wash hands thoroughly after handling. Use caution when adding this material to water. Add material slowly when mixing with water. Do not add water to the material; instead, add the material to the water. Avoid

Store in original tightly closed container. Avoid contact with oxidizing

including any agents. Store away from incompatible materials. incompatibilities:

# 8. Exposure controls/personal protection

#### **Exposure Limits**

Conditions for safe storage,

Chemical name	Туре	Exposure Limit Values	Source
Triethanolamine	TWA	5 mg/m3	US. ACGIH Threshold Limit Values, as amended (03 2012)
Protective Measures:	ventilation should be exhaust ve below reco	Provide easy access to water supply and eye wash facilities. Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.	
Respiratory Protection:	In case of inadequate ventilation use suitable respirator. Seek advice from supervisor on the company's respiratory protection standards.		
Eye Protection:	Wear safe	y glasses with side shields (or go	oggles).
SDS_US			4/

Skin and Body Protection:	Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information.
Hygiene measures:	Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

# 9. Physical and chemical properties

# Appearance

Physical state:	liquid
Form:	No data available.
Color:	Amber
Odor:	Mild
Odor threshold:	No data available.
pH:	8.9
Melting point/freezing point:	No data available.
Initial boiling point and boiling range:	No data available.
Flash Point:	Not applicable
Evaporation rate:	No data available.
Flammability (solid, gas):	No data available.
Upper/lower limit on flammability or explosive limits	
Flammability limit - upper (%):	No data available.
Flammability limit - lower (%):	No data available.
Explosive limit - upper:	No data available.
Explosive limit - lower:	No data available.
Vapor pressure:	No data available.
Vapor density:	No data available.
Relative density:	1.031
Solubility(ies)	
Solubility in water:	Completely Soluble
Solubility (other):	No data available.
Partition coefficient (n-octanol/water):	No data available.
Auto-ignition temperature:	No data available.
Decomposition temperature:	No data available.
Viscosity:	No data available.
VOC:	7.1 % (Method 24)

#### 10. Stability and reactivity **Reactivity:** Not reactive during normal use. **Chemical Stability:** Material is stable under normal conditions. Possibility of hazardous None under normal conditions. reactions: Conditions to avoid: Avoid heat or contamination. Incompatible Materials: No data available. **Hazardous Decomposition** Thermal decomposition or combustion may liberate carbon oxides and Products: other toxic gases or vapors.

# 11. Toxicological information

Information on likely routes of exposure Ingestion: Harmful if swallowed.			
	Inhalation:	Harmful if inhaled.	
	Skin Contact:	Causes severe skin burns. May cause an allergic skin reaction.	
	Eye contact:	Causes serious eye damage.	
Symptoms related to the physical, chemical and toxicological characteristics Ingestion: No data available.			
	Inhalation:	No data available.	
	Skin Contact:	No data available.	
	Eye contact:	No data available.	
Information on toxicological effects			
A	Acute toxicity (list all possible routes of exposure)		
	Oral Product:	ATEmix (): > 5000 mg/kg	
	Dermal Product:	Not classified for acute toxicity based on available data.	
	Inhalation Product:	Not classified for acute toxicity based on available data.	

Repeated dose toxicity Product:	No data available.
Skin Corrosion/Irritation Product:	No data available.
Serious Eye Damage/Eye Irritation Product:	on No data available.
Respiratory or Skin Sensitizatior Product:	n No data available.
Carcinogenicity Product:	No data available.
IARC Monographs on the Evaluation of Carcinogenic Risks to Humans: No carcinogenic components identified	
US. National Toxicology Program (NTP) Report on Carcinogens: No carcinogenic components identified	
US. OSHA Specifically Reg No carcinogenic components	ulated Substances (29 CFR 1910.1001-1050), as amended: s identified
Germ Cell Mutagenicity	
In vitro Product:	No data available.
In vivo Product:	No data available.
Reproductive toxicity Product:	No data available.
Specific Target Organ Toxicity - Single Exposure   Product: No data available.	
Specific Target Organ Toxicity - Product:	Repeated Exposure No data available.
Aspiration Hazard Product:	No data available.
Other effects:	No data available.

# 12. Ecological information

This product has not been evaluated for ecological toxicity or other environmental effects.

#### 13. Disposal considerations

Disposal instructions:	Discharge, treatment, or disposal may be subject to national, state, or local laws. Dispose of waste at an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal. It is the responsibility of the product user or owner to determine at the time of disposal, which waste regulations must be applied.
Contaminated Packaging:	Empty containers should be taken to an approved waste handling site for recycling or disposal.

### 14. Transport information

#### DOT

Not regulated.

#### IMDG

Not regulated.

#### ΙΑΤΑ

Not regulated.

# 15. Regulatory information

# **US Federal Regulations**

# US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050), as amended None present or none present in regulated quantities.

### Superfund Amendments and Reauthorization Act of 1986 (SARA)

#### **Hazard categories**

Serious eye damage or eye irritation Respiratory or Skin Sensitization

#### SARA 313 (TRI Reporting)

None present or none present in regulated quantities.

#### **US State Regulations**

# **US.** California Proposition 65

This product can expose you to chemicals includingEthylene oxidewhich is [are] known to the State of California to cause cancer and birth defects or other reproductive harm.

1,4-DioxaneAcetaldehydewhich is [are] known to the State of California to cause cancer. Methanolwhich is [are] known to the State of California to cause birth defects or other reproductive harm.

For more information go to www.P65Warnings.ca.gov.

# 16.Other information, including date of preparation or last revision

Issue Date:	22.06.2021
Revision Date:	08.07.2019
Version #:	1.3
Further Information:	No data available.
Disclaimer:	This information is provided without warranty. The information is believed to be correct. This information should be used to make an independent determination of the methods to safeguard workers and the environment.
