

SAFETY DATA SHEET

1. Identification

Product name	ECOCOOL SYN 5833
Other means of identification	No data available.
Recommended use:	Metalworking fluid
Restrictions on use:	Industrial use only

Manufacturer/Importer/Supplier/Distributor Information

Manufacturer

Company Name:	Fuchs Lubricants Co.
Address:	17050 Lathrop Avenue
	Harvey, Illinois 60426
Telephone:	708-333-8900
Fax:	708-333-9180
Contact Person:	EHS Department
E-mail:	sds@fuchs.com

Emergency telephone number: 708-333-8900 (Bus. hrs) 800-255-3924 (24 hrs)

2. Hazard(s) identification

Hazard Classification

Health Hazards

Acute toxicity (Inhalation - dust and mist)	Category 4
Skin sensitizer	Category 1
Specific Target Organ Toxicity - Repeated Exposure	Category 2

Label Elements

Hazard Symbol:

Harmfr May ca Use or should gloves dust of IF INH breath occurs physic contan	ng ause an allergic skin reaction. ul if inhaled. ause damage to organs through prolonged or repeated exposure. nly outdoors or in a well-ventilated area. Contaminated work clothing d not be allowed out of the workplace. Wear protective s/protective clothing/eye protection/face protection. Do not breathe r mists. IALED: Remove person to fresh air and keep comfortable for ing. IF ON SKIN: Wash with plenty of water. If skin irritation or rash s: Get medical advice/attention. Call a POISON CENTER or doctor/ tian if you feel unwell. Specific treatment (see on this label). Wash ninated clothing before reuse.
Harmfr May ca Use or should gloves dust of IF INH breath occurs physic contan	ul if inhaled. ause damage to organs through prolonged or repeated exposure. hly outdoors or in a well-ventilated area. Contaminated work clothing d not be allowed out of the workplace. Wear protective s/protective clothing/eye protection/face protection. Do not breathe r mists. Hazardous Component(s):

Chemical name	CAS-No.	Concentration
Triethanolamine	102-71-6	10 - 20%
Ethylenediamine	Confidential	5 - 10%
Polyalkylene glycol	Confidential	1 - 5%
Diethylene glycol	Confidential	1 - 5%
Oxyalkylene polymer	Confidential	1 - 5%

Specific chemical identities and/or exact percentages have been withheld as trade secrets.

4. First-aid measures

Do NOT induce vomiting.Inhalation:Move to fresh air. Call a POISON CENTER/doctor if you feel unwell.Skin Contact:Remove contaminated clothing and shoes. Wash contact areas with soap and water. If skin irritation occurs: Get medical advice/attention.Eye contact:Flush thoroughly with water. If irritation occurs, get medical assistance. Continue to rinse for at least 15 minutes.Most important symptoms/effects, acute and delayed Symptoms:No data available.Indication of immediate medical attention and special treatment needed Treatment:Get medical attention if symptoms occur.5. Fire-fighting measuresNo unusual fire or explosion hazards noted.Suitable (and unsuitable) extinguishing mediaWater spray, fog, CO2, dry chemical, or regular foam. Use fire- extinguishing media appropriate for surrounding materials.Unsuitable extinguishing media:Do not use water jet as an extinguisher, as this will spread the fire.				
Skin Contact: Remove contaminated clothing and shoes. Wash contact areas with soap and water. If skin irritation occurs: Get medical advice/attention. Eye contact: Flush thoroughly with water. If irritation occurs, get medical assistance. Continue to rinse for at least 15 minutes. Most important symptoms/effects, acute and delayed Symptoms: No data available. Indication of immediate medical attention and special treatment needed Treatment: Get medical attention if symptoms occur. 5. Fire-fighting measures Get needical attention hazards noted. Suitable (and unsuitable) extinguishing media No unusual fire or explosion hazards noted. Suitable extinguishing media Water spray, fog, CO2, dry chemical, or regular foam. Use fire-extinguishing media appropriate for surrounding materials. Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire. Specific hazards arising from the chemical: Heat may cause the containers to explode. During fire, gases hazardous to health may be formed. Special protective equipment and precautions for fire-fighters Special fire-fighting No data available. No data available.	Ingestion:	Rinse mouth thoroughly. Call a POISON CENTER/doctor if you feel unwell. Do NOT induce vomiting.		
and water. If skin irritation occurs: Get medical advice/attention. Eye contact: Flush thoroughly with water. If irritation occurs, get medical assistance. Continue to rinse for at least 15 minutes. Most important symptoms/effects, acute and delayed Symptoms: No data available. Indication of immediate medical attention and special treatment needed Treatment: Get medical attention if symptoms occur. 5. Fire-fighting measures General Fire Hazards: No unusual fire or explosion hazards noted. Suitable (and unsuitable) extinguishing media Suitable extinguishing Water spray, fog, CO2, dry chemical, or regular foam. Use fire- extinguishing media appropriate for surrounding materials. Unsuitable extinguishing Do not use water jet as an extinguisher, as this will spread the fire. Specific hazards arising from the chemical: Heat may cause the containers to explode. During fire, gases hazardous to health may be formed. Special protective equipment and precautions for fire-fighters Special fire-fighting No data available.	Inhalation:	Move to fresh air. Call a POISON CENTER/doctor if you feel unwell.		
Continue to rinse for at least 15 minutes. Most important symptoms/effects, acute and delayed Symptoms: No data available. 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:	See Section 8 of the SDS for Personal Protective Equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep unauthorized personnel away. Ensure adequate ventilation.
Methods and material for containment and cleaning up:	Absorb with sand or other inert absorbent. Stop the flow of material, if this is without risk.
Environmental Precautions:	Avoid release to the environment. Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so.
7. Handling and storage	
Precautions for safe handling:	End-users should follow industry best practices for handling and using this product.
	Guidance may be found using the current version of ASTM Standard E1497-05: Standard Practice for Selection and Safe Use of Water-Miscible and Straight Oil Metal Removal Fluids Contains amines. Do not add sodium nitrite or other nitrosating agents which may form cancer causing nitrosamines. Provide adequate ventilation. Observe good industrial hygiene practices. Wear appropriate personal protective equipment. Do not expose to intense heat as product may expand and pressurize container.
Conditions for safe storage, including any incompatibilities:	Store in original tightly closed container. Avoid contact with oxidizing agents. Store away from incompatible materials.

8. Exposure controls/personal protection

Exposure Limits

	Chemical name	Туре	Exposure Limit Values	Source
	Triethanolamine	TWA	5 mg/m3	US. ACGIH Threshold Limit Values, as amended (03 2012)
F	Protective Measures: Use personal protective equipment as required.			
F	Respiratory Protection:	In case of inadequate ventilation use suitable respirator. Seek advice from supervisor on the company's respiratory protection standards.		
E	Eye Protection:	Wear safety glasses with side shields (or goggles).		
ę	Skin and Body Protection:	Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information.		
ł	lygiene measures:	Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely		

wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

9. Physical and chemical properties

Appearance	
Physical state:	liquid
Form:	No data available.
Color:	Amber
Odor:	Mild
Odor threshold:	No data available.
pH:	9
Melting point/freezing point:	No data available.
Initial boiling point and boiling range:	No data available.
Flash Point:	Not applicable
Evaporation rate:	No data available.
Flammability (solid, gas):	No data available.
Upper/lower limit on flammability or explosive limits	
Flammability limit - upper (%):	No data available.
Flammability limit - lower (%):	No data available.
Explosive limit - upper:	No data available.
Explosive limit - lower:	No data available.
Vapor pressure:	No data available.
Vapor density:	No data available.
Relative density:	1.03
Solubility(ies)	
Solubility in water:	Soluble
Solubility (other):	No data available.
Partition coefficient (n-octanol/water):	No data available.
Auto-ignition temperature:	No data available.
Decomposition temperature:	No data available.
Viscosity:	3.9 mm2/s (40 °C)

10. Stability and reactivity

Reactivity:	Not reactive during normal use.
Chemical Stability:	Material is stable under normal conditions.
Possibility of hazardous reactions:	None under normal conditions.
Conditions to avoid:	Avoid heat or contamination.
SDS_US	

Incompatible Materials:	No data available.		
Hazardous Decomposition Products:	Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors.		
11. Toxicological information			
Information on likely routes of e Ingestion:	xposure May be ingested by accident. Ingestion may cause irritation and malaise. Harmful if swallowed.		
Inhalation:	Inhalation is the primary route of exposure. In high concentrations, vapors, fumes or mists may irritate nose, throat and mucus membranes.		
Skin Contact:	Prolonged skin contact may cause redness and irritation.		
Eye contact:	Eye contact is possible and should be avoided.		
Symptoms related to the physic Ingestion:	al, chemical and toxicological characteristics No data available.		
Inhalation:	No data available.		
Skin Contact:	No data available.		
Eye contact:	No data available.		
Information on toxicological effects			
Acute toxicity (list all possible routes of exposure)			
Oral Product:	ATEmix (): > 5000 mg/kg		
Dermal Product:	ATEmix (): > 5000 mg/kg		
Inhalation Product:	ATEmix (, 4 h): 1 - 5 mg/l Dusts, mists and fumes		
Repeated dose toxicity Product:	No data available.		
Skin Corrosion/Irritation Product:	No data available.		
Serious Eye Damage/Eye Irritat Product:	ion No data available.		

Respiratory or Skin Sensitiz Product:	zation No data available.						
Carcinogenicity Product:	No data available.						
	IARC Monographs on the Evaluation of Carcinogenic Risks to Humans: No carcinogenic components identified						
US. National Toxicolo No carcinogenic compo	gy Program (NTP) Report on Carcinogens: ments identified						
US. OSHA Specifically No carcinogenic compo	/ Regulated Substances (29 CFR 1910.1001-1050), as amended: inents identified						
Germ Cell Mutagenicity							
In vitro Product:	No data available.						
In vivo Product:	No data available.						
Reproductive toxicity Product:	No data available.						
Specific Target Organ Toxicity - Single Exposure Product: No data available.							
Specific Target Organ Toxic Product:	city - Repeated Exposure No data available.						
Aspiration Hazard Product:	No data available.						
Other effects:	No data available.						
12. Ecological information							
General information:	This product has not been evaluated for ecological toxicity or other environmental effects.						
13 Disposal consideration	_						

13. Disposal considerations

Disposal instructions:	Discharge, treatment, or disposal may be subject to national, state, or local laws. Dispose of waste at an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal. It is the responsibility of the product user or owner to determine at the time of disposal, which waste regulations must
	be applied.

Contaminated Packaging:

Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. Transport information

DOT

Not regulated.

IMDG

Not regulated.

ΙΑΤΑ

Not regulated.

15. Regulatory information

US Federal Regulations

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050), as amended None present or none present in regulated quantities.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories

Immediate (Acute) Health Hazards Delayed (Chronic) Health Hazard

SARA 313 (TRI Reporting)

None present or none present in regulated quantities.

US State Regulations

US. California Proposition 65

This product can expose you to chemicals including For more information go to www.P65Warnings.ca.gov.
