· Dangerous components: None in reportable quantities.

4 First-aid measures

- · Description of first aid measures
- · General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact:
- Clean with water and soap.
- If skin irritation continues, consult a doctor.
- After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; immediately call for medical help.
 Most important symptoms and effects, both acute and delayed
- Gastric or intestinal disorders Slight irritant effect on eyes.
- **Danger** No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- · Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- For safety reasons unsuitable extinguishing agents: None.
- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment:
- Wear self-contained respiatory protective device.
- Wear fully protective suit.
- · Additional information No further relevant information available.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Use respiratory protective device against the effects of fumes/dust/aerosol. Ensure adequate ventilation. Wear protective equipment. Keep unprotected persons away.
- Environmental precautions: No special measures required.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Send for recovery or disposal in suitable receptacles. Clean the affected area carefully; suitable cleaners are:

 \cdot Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

- Precautions for safe handling No special measures required.
- Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage:
- **Requirements to be met by storerooms and receptacles:** Avoid storage near extreme heat, ignition sources or open flame.
- Information about storage in one common storage facility: Store away from foodstuffs.
- Further information about storage conditions: Protect from frost.
- · Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

- · Additional information about design of technical systems: No further data; see item 7.
- · Control parameters
- Components with limit values that require monitoring at the workplace:
 The product does not contain one relevant quantities of materials with critical value

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

- Additional information: The lists that were valid during the creation were used as basis.
- · Exposure controls
- · Personal protective equipment:
- · General protective and hygienic measures:
- The usual precautionary measures for handling chemicals should be followed. Wash hands before breaks and at the end of work. Keep away from foodstuffs, beverages and feed.
- Breathing equipment:

Not required under normal conditions of use.

For spills, respiratory protection may be advisable.

· Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be

 checked prior to the application.
 Penetration time of glove material The exact break through time has to be found out by t

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye protection:

69

Safety glasses

· Body protection:

Not required under normal conditions of use. Protection may be required for spills. • Limitation and supervision of exposure into the environment No special requirements.

9 Physical and chemical properties			
Information on basic physical and c General Information			
· Appearance: Form:	Suspension		
Color:	Red		
· Odor:	Odorless		
· Odor threshold:	Not determined.		
· pH-value at 20 °C (68 °F):	7		
 Change in condition Melting point/Melting range: Boiling point/Boiling range: 	32 °F / 0 °C (90 °F / 32 °F) (estimate) 212 °F / 100 °C (414 °F / 212 °F) (estimate)		
· Flash point:	Not applicable.		
· Flammability (solid, gaseous):	Not applicable.		
· Ignition temperature:	Not determined.		
· Decomposition temperature:	Not determined.		
· Auto igniting:	Product is not self-igniting.		
· Danger of explosion:	Product does not present an explosion hazard.		
· Explosion limits: Lower: Upper:	Not determined. Not determined.		
· Vapor pressure at 20 °C (68 °F):	23 hPa (17 mm Hg)		
 Density: Relative density at 20 °C (68 °F) Vapour density Evaporation rate 	Not determined. $1.0 \pm 0.1 \text{ g/cm}^3$ (8.345 ± 0.835 lbs/gal) (estimate) Not determined. Not determined.

 Solubility in / Miscibility with Water: 	Not miscible or difficult to mix.	
· Partition coefficient (n-octanol/w	ater): Not determined.	
· Viscosity:		
Dynamic:	Not determined.	
Kinematic:	Not determined.	
· Solvent content:		
Organic solvents:	< 1.0 % (estimate)	
VOC content:	< 1.0 % (estimate)	
 Other information 	No further relevant information available.	

10 Stability and reactivity

- · Reactivity
- · Chemical stability
- · Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

- · Possibility of hazardous reactions Reacts with strong oxidizing agents.
- · Conditions to avoid No further relevant information available.
- Incompatible materials: No further relevant information available.
- Hazardous decomposition products: Possible in traces.

11 Toxicological information

- · Information on toxicological effects
- · Acute toxicity:
- · Primary irritant effect:
- \cdot on the skin: No irritant effect.
- \cdot on the eye: Slight irritant effect on eyes.
- Sensitization: No sensitizing effects known.
- · Additional toxicological information:

The product is not subject to classification according to internally approved calculation methods for preparations:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

· Carcinogenic categories

· NTP (National Toxicology Program)

None of the ingredients is listed.

Trade name: Lightning Powder Supranano Fluorescent Suspension Red

(Contd. of page 5)

12 Ecological information

· Toxicity

- · Aquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- **Bioaccumulative potential** No further relevant information available.
- Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes: Not known to be hazardous to water.
- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · **vPvB:** Not applicable.
- · Other adverse effects No further relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Smaller quantities can be disposed of with household waste.

Can be burned with household garbage after consulting with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

Small amounts may be diluted with plenty of water and washed away. Dispose of bigger amounts in accordance with Local Authority requirements.

· Uncleaned packagings:

• Recommendation: Disposal must be made according to official regulations.

· UN-Number		
· DOT, ADR, ADN, IMDG, IATA	Not Regulated	
 UN proper shipping name DOT, ADR, ADN, IMDG, IATA 	Not Regulated
