To Whom It May Concern:

We have received your request for Material Safety Data Sheet (MSDS) for the product (8881303005 Corvac serum separator ) that you purchase from Covidien/Kendall. Please be advised that the product in question is not required to have MSDS for the following reasons. If a product does not contain hazardous substances, or the product meets the “article” definition as detailed in the *current* Occupational, Health, and Safety Administration (OSHA) Hazard Communication regulation (29 CFR 1910.1200), **it is not required to have an MSDS.**

In addition, to be considered a hazardous substance (and therefore require an MSDS), a product must have shown statistically significant evidence, based on at least one study conducted in accordance with established scientific principles, that acute or chronic health effects may occur in employees exposed to the substance, and/or present a significant physical hazard.

If you should have any further questions on the above product, please do not hesitate to contact me at (508) 261-6337.

Sincerely,

Covidien

Chris Pizarro  
Principal Safety Engineer
