

Material Safety Data Sheet

acc. to OSHA and ANSI

Printing date 07/14/2003

Reviewed on 03/31/2003

- **1 Identification of substance:**

- ◆ **Product details:**

- ◆ **Product name:** D-Glucose anhydrous

- ◆ **Stock number:** A16828

- ◆ **Manufacturer/Supplier:**

Alfa Aesar, A Johnson Matthey Company
Johnson Matthey Catalog Company, Inc.
30 Bond Street
Ward Hill, MA 01835-8099
Emergency Phone: (978) 521-6300
CHEMTREC: (800) 424-9300
Web Site: www.alfa.com

- ◆ **Information Department:** Health, Safety and Environmental Department

- ◆ **Emergency information:**

During normal hours the Health, Safety and Environmental Department.
After normal hours call Chemtrec at (800) 424-9300.

- **2 Composition/Data on components:**

- ◆ **Chemical characterization:**

_____ **Description: (CAS#)**

A16828 – D-Glucose anhydrous

D-Glucose anhydrous (CAS# 492-62-6); 100%

♦ **Identification number(s):**

♦ **EINECS Number:** 207-757-8

- **3 Hazards identification**

♦ **Hazard description:** · Not applicable

♦ **Information pertaining to particular dangers for man and environment**

Not applicable

♦ **Classification system**

♦ **HMIS ratings (scale 0-4)**

(Hazardous Materials Identification System)

Health (acute effects) = 0

Flammability = 1

Reactivity = 1

- **4 First aid measures**

♦ **After inhalation**

Supply fresh air. If required, provide artificial respiration.
Keep patient warm.
Seek immediate medical advice.

♦ **After skin contact**

Immediately wash with water and soap and rinse thoroughly.
Seek immediate medical advice.

♦ **After eye contact**

Rinse opened eye for several minutes under running water. Then consult a doctor.

♦ **After swallowing** Seek medical treatment.

- **5 Fire fighting measures**

♦ **Suitable extinguishing agents**

Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

♦ **Special hazards caused by the material, its products of combustion or**

resulting gases:

In case of fire, the following can be released:

Carbon monoxide and carbon dioxide

♦ **Protective equipment:**

Wear self-contained respirator.

Wear fully protective impervious suit.

• **6 Accidental release measures**

♦ **Person-related safety precautions:**

Wear protective equipment. Keep unprotected persons away.
Ensure adequate ventilation

♦ **Measures for environmental protection:**

Do not allow material to be released to the environment without proper governmental permits.

♦ **Measures for cleaning/collecting:** Pick up mechanically.

♦ **Additional information:**

See Section 7 for information on safe handling

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

• **7 Handling and storage**

♦ **Handling**

♦ **Information for safe handling:**

Keep container tightly sealed.

Store in cool, dry place in tightly closed containers.

No special precautions are necessary if used correctly.

♦ **Information about protection against explosions and fires:**

No special measures required.

♦ **Storage**

♦ **Requirements to be met by storerooms and receptacles:**

No special requirements.

♦ **Information about storage in one common storage facility:**

Store away from oxidizing agents.

♦ **Further information about storage conditions:**

Keep container tightly sealed.

Store in cool, dry conditions in well sealed containers.

• **8 Exposure controls and personal protection**

♦ **Additional information about design of technical systems:**

Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Components with limit values that require monitoring at the workplace:

Not required.

♦ **Additional information:** No data

♦ **Personal protective equipment**

♦ **General protective and hygienic measures**

The usual precautionary measures for handling chemicals should be followed.

A16828 – D-Glucose anhydrous

Keep away from foodstuffs, beverages and feed.
Remove all soiled and contaminated clothing immediately.
Wash hands before breaks and at the end of work.

♦ **Breathing equipment:**

Use suitable respirator when high concentrations are present.

♦ **Protection of hands:** Impervious gloves

♦ **Eye protection:** Safety glasses

♦ **Body protection:** Protective work clothing.

• **9 Physical and chemical properties:**

♦ **General Information**

♦ **Form:** Powder

♦ **Color:** White

♦ **Odor:** Not determined

♦	<u>Value/Range</u>	<u>Unit</u>
	<u>Method</u>	

♦ **Change in condition**

♦ **Melting point/Melting range:** 153-156 ° C

♦ **Boiling point/Boiling range:** Not determined

♦ **Sublimation temperature / start:** Not determined

♦ **Flash point:** Not applicable

A16828 – D-Glucose anhydrous

♦ **Flammability (solid, gaseous)** Product is not flammable.

♦ **Ignition temperature:** Not determined

♦ **Decomposition temperature:** Not determined

♦ **Danger of explosion:**

Product does not present an explosion hazard.

♦ **Explosion limits:**

♦ **Lower:** Not determined

♦ **Upper:** Not determined

♦ **Vapor pressure:** Not determined

♦ **Density:** Not determined

♦ **Solubility in / Miscibility with**

♦ **Water:** Soluble

• 10 Stability and reactivity

♦ **Thermal decomposition / conditions to be avoided:**

Decomposition will not occur if used and stored according to specifications.

♦ **Materials to be avoided:** Oxidizing agents

♦ **Dangerous reactions** No dangerous reactions known

♦ **Dangerous products of decomposition:** Carbon monoxide and carbon dioxide

• 11 **Toxicological information**

♦ **Acute toxicity:**

LD/LC50 values that are relevant for classification:

Oral: LD50: 25800 mg/kg (rat)

LDLo: 8000 mg/kg (dog)

LDLo: 20000 mg/kg (rbt)

♦ **Primary irritant effect:**

♦ **on the skin:** May cause irritation

♦ **on the eye:** May cause irritation

♦ **Sensitization:** No sensitizing effects known.

♦ **Other information (about experimental toxicology):**

Reproductive effects have been observed on tests with laboratory animals.

Reproductive effects have been observed in humans.

Tumorigenic effects have been observed on tests with laboratory animals.

Mutagenic effects have been observed on tests with bacteria.

Mutagenic effects have been observed on tests with human and/or animal DNA cells.

♦ **Subacute to chronic toxicity:**

Anhydrous D-Glucose, when ingested in large quantities, has been known to cause cyanosis, diarrhea, and even coma in laboratory animal tests.

♦ **Additional toxicological information:**

To the best of our knowledge the acute and chronic toxicity of this

substance is not fully known.

No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.

- **12 Ecological information:**

- ◆ **General notes:**

Do not allow material to be released to the environment without proper governmental permits.

- **13 Disposal considerations**

- ◆ **Product:**

- ◆ **Recommendation**

Consult state, local or national regulations to ensure proper disposal.

- ◆ **Uncleaned packagings:**

- ◆ **Recommendation:**

Disposal must be made according to official regulations.

- ◆ **Recommended cleansing agent:** Water, if necessary with cleansing agents.

- **14 Transport information**

Not a hazardous material for transportation.

- ◆ **DOT regulations:**

- ◆ **Hazard class:** None

- ◆ **Land transport ADR/RID (cross-border)**

- ◆ **ADR/RID class:** None

♦ Maritime transport IMDG:

♦ IMDG Class: None

♦ Air transport ICAO-TI and IATA-DGR:

♦ ICAO/IATA Class: None

♦ Transport/Additional information:

Not dangerous according to the above specifications.

• 15 Regulations

♦ Product related hazard informations:

Observe the general safety regulations when handling chemicals

♦ National regulations

All components of this product are listed in the U.S.
Environmental Protection Agency Toxic Substances Control Act
Chemical substance Inventory.

♦ Information about limitation of use:

For use only by technically qualified individuals.

• 16 Other information:

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other

A16828 – D-Glucose anhydrous

product or process, is the responsibility of the user.

♦ **Department issuing MSDS:** Health, Safety and Environmental Department.
